

GENERAL STATEMENT

These reports are published for the purpose of providing current information to industry collaborators, colleagues at other universities, and other people interested in the weed science and other research conducted at Southern Illinois University.

Results from these studies are preliminary and are intended as a source of information on the performance of commercially available and experimental herbicides, safeners, surfactants, etc. It is not intended to serve as a recommendation or endorsement of specific practices or products. Current recommendations for weed control in Illinois are available from University of Illinois Extension.

Data or information in these reports is not for publication or reproduction without the consent of the authors. If you have any questions or suggestions for improving our data reporting or discover errors, we would appreciate your comments.
