

## Table of Contents

General Statement .....	ii
Acknowledgments .....	iii
Table of Contents .....	iv

### ADJUVANT STUDIES, CORN OR SOYBEAN

Raptor Oil:Surfactant Blend Adjuvant Study.....	1
Raptor “Complete” Adjuvant Study. ....	7
Lightning Adjuvant Study. ....	14
Adjuvant Combinations with Steadfast and Distinct. ....	19
Agriance Adjuvants with Celebrity Plus and Steadfast. ....	25
AE F130360 Adjuvant Study.....	30
Select Adjuvant Study. ....	36
Glyphosate Surfactant Comparison in Soybean. ....	40
Evaluation of the Adjuvant LI 143 with Glyphosate. ....	46
Roundup Original / Cornerstone Adjuvant Study. ....	51
Comparison of “Full Load” Glyphosate Formulations in Roundup Ready Soybean .....	57
Callisto Adjuvant Study. ....	62
Callisto Adjuvant x Time of Day Study. ....	67
Herbicide Drift Reduction Methods - Study 1. ....	72
Herbicide Drift Reduction Methods - Study 2. ....	78
AMS Replacements for Glyphosate Applications. ....	86
Comparison of Deposition/AMS Premixes with Glyphosate.....	91
Adjuvant Mixes for Soil Applied Herbicides. ....	96
Evaluation of Landoil as a Postemergence Soybean Herbicide Adjuvant. ....	100

### FALL APPLIED HERBICIDES

Comparison of Fall Applied Corn Herbicides. ....	107
Winter Annual Grass Control with Fall Applied Herbicides - Study 1. ....	115
Balance Pro Combinations Applied in Fall and Spring. ....	119
Fall Applied Herbicides in Corn. ....	135
Comparison of Fall Applied Soybean Herbicides. ....	145
Fall Applied Herbicides in Soybean. ....	155
Winter Annual Weed Control and Soybean Tolerance with Corn Herbicides Applied in Fall and Spring. ....	168

## **CORN, NO-TILL**

<b>No-Till Corn Burndown. ....</b>	<b>176</b>
<b>One-Pass No-Till Burndown in Corn. ....</b>	<b>184</b>
<b>Balance Burndown in No-Till Corn. ....</b>	<b>192</b>
<b>Evaluation of PCC 1164 Applied Preplant in No-Till Corn. ....</b>	<b>198</b>
<b>Evaluation of Grass Control in No-Till Corn. ....</b>	<b>206</b>
<b>Weed Management in Strip-Tillage Corn. ....</b>	<b>214</b>
<b>Long-Term Tillage by Herbicide Study in a Transgenic Corn and Soybean Rotation. ....</b>	<b>221</b>

## **CORN, TILLED**

<b>Total Preemergence Herbicide Programs in Corn. ....</b>	<b>235</b>
<b>Preemergence Comparison of Balance Pro and Callisto. ....</b>	<b>239</b>
<b>Comparison of Corn Tolerance to Atrazine Premix Products. ....</b>	<b>244</b>
<b>Sequential Herbicide Programs in Corn. ....</b>	<b>248</b>
<b>Evaluation of Define in Preemergence and Early Postemergence Applications. ....</b>	<b>256</b>
<b>Callisto Preemergence and Postemergence in Conventional-Till Corn. ....</b>	<b>264</b>
<b>Postemergence Broadleaf Herbicides in Corn. ....</b>	<b>271</b>
<b>Evaluation of Steadfast and Broadleaf Tankmix Partners. ....</b>	<b>278</b>
<b>Evaluation of AE F130360 and Broadleaf Tankmix Partners. ....</b>	<b>286</b>
<b>Evaluation of PCC 196 in Field Corn. ....</b>	<b>294</b>
<b>Weed Management in Herbicide-Resistant Corn. ....</b>	<b>300</b>
<b>Weed Management in Roundup Ready Corn. ....</b>	<b>310</b>
<b>Evaluation of Roundup Ready Corn Tolerance to Touchdown and Touchdown 5. ....</b>	<b>318</b>
<b>Comparison of Corn Soil-Applied Herbicides for Control of Common Waterhemp. ....</b>	<b>323</b>
<b>Postemergence Waterhemp Control in Corn. ....</b>	<b>327</b>
<b>Johnsongrass Control in Corn. ....</b>	<b>331</b>

## **SOYBEAN, NO-TILL**

<b>Early Preplant Applications in Soybean. ....</b>	<b>335</b>
<b>Marestail Control in No-Till Soybean. ....</b>	<b>346</b>

**SOYBEAN, TILLED**

**Weed Management Systems for use in Conventional Soybean..... 350**  
**Weed Management in Roundup Ready Soybean. .... 363**  
**Residual Soybean Herbicides Prior to Glyphosate Applications. .... 371**  
**Effect of Soil Residual on Weed Spectrum at Postemergence Timing. .... 379**  
**Evaluation of Weed Control with Authority and Valor in Roundup Ready Soybean. .... 389**  
**Evaluation of Soybean Injury with Authority and Valor. .... 397**  
**Evaluation of Command Xtra in Soybean. .... 401**  
**Evaluation of V-10086 in Soybean. .... 407**  
**Select Tankmixtures with Harmony GT, Cobra, and V-10086. .... 415**  
**Tankmixtures of SuppoRRt (2,4-DB) and Glyphosate in Soybean. .... 419**  
**Waterhemp Management in Soybean. .... 425**  
**Waterhemp Control in Roundup Ready Soybean with Various Herbicides. .... 430**  
**Control of Volunteer Roundup Ready Corn. .... 437**  
**Control of Giant Ragweed in Soybean. .... 441**  
**Perennial Eastern Black Nightshade ..... 449**  
**Simulated Drift of Callisto to Soybean. .... 453**  
**Influence of Weed Removal Techniques on Competition in Soybean. .... 457**

**WHEAT, PUMPKIN OR SORGHUM**

**General Weed Control in Winter Wheat. .... 467**  
**Control of Italian (annual) Ryegrass in Winter Wheat. .... 472**  
**Control of Little Barley in Winter Wheat. .... 478**  
**Little Barley Control in Winter Wheat. .... 483**  
**Evaluation of PCC170 on Pumpkin Cultivars. .... 487**  
**Aim for Weed Control in Sorghum. .... 490**  
**Control of Waterhemp with SuppoRRt. .... 495**

**APPENDICES**

**Index of Weeds, Common Names ..... 499**  
**Index of Weeds, Five Letter Codes ..... 500**  
**Index of Herbicides ..... 501**  
**Index of Adjuvants ..... 504**  
**Index of Crops ..... 506**  
**Index of Other Experimental Details ..... 507**  
**Index of Project Codes ..... 508**  
**Illinois Climate Network Monthly Summaries ..... 509**
