

List of Studies

Adjuvant Studies in Corn or Soybean

Adjuvant Evaluation with Laudis - United Suppliers.	1
Capreno Adjuvant Study - Belleville.	3
Capreno Adjuvant Study - Carbondale.	6
Ignite 280 Adjuvant Study - Winfield Solutions.	9
Influence of AMS and Hard Water on Ignite Efficacy.	11
Influence of Spray pH on Ignite Efficacy.	15
Nonionic Surfactants with Glyphosate - Winfield Solutions.	19
AMS Replacements with Glyphosate - Winfield Solutions.	21
Glyphosate plus Laudis Adjuvant Study - Winfield Solutions.	24
Glyphosate plus Laudis Adjuvant Evaluation - Precision Labs.	27
Foliar Nutrients with Glyphosate.	31
Adjuvant Evaluation for Volunteer Roundup Ready Corn Control – Winfield Solutions.	36
Adjuvant Screen for Control of Volunteer Roundup Ready Corn - Precision Labs.	39
Cooperative POST Soybean Glyphosate Tank-Mix Adjuvants - Site 1.	42
Cooperative POST Soybean Glyphosate Tank-Mix Adjuvants - Site 2.	56
Cooperative POST Soybean Glyphosate Tank-Mix Adjuvants - Site 3.	67

No-Till Corn Weed Control Studies

Long-Term Tillage by Herbicide Study in a Transgenic Corn and Soybean Rotation.	70
Early Preplant Evaluations of KIH-485 in No-Till Corn.	81
Halex GT Comparisons in No-Till Corn.	85
Valor Early Preplant Applications in No-Till Corn.	99

No-Till Soybean Weed Control Studies

Weed Management for Conventional Soybean in No-Till.	104
Evaluation of Tackle Herbicide in No-Till Soybean.	116
Early Preplant Evaluations of KIH-485 in No-Till Soybean.	123
Preplant Residual Herbicides in Soybean - DuPont.	126
Preemergence Management Strategies for Roundup Ready Soybean.	135
Halosulfuron in No-Till Soybean Burndown.	140
Prefix and Boundary in No-Till Soybean.	144
Evaluation of Liberty Link Soybean in No-Till.	158
Ignite-Based Weed Management in No-Till Liberty Link Soybean.	165

Corn, Tilled Weed Control Studies

Prequel Evaluation in Corn.	170
Evaluation of KIH-485 as a Foundation in Sequential Programs.	176
Halex GT Evaluations in Reduced-Till Corn.	179
Weed Management Systems in Corn - Monsanto.	193
Capreno Application Timing.	197
Sequential and Early Postemergence Programs in Corn.	208
Degree Applied Mid-POST to Corn.	213
POST Glyphosate Timing in Roundup Ready Corn.	217
Competitive Residual Herbicides in Roundup Ready Corn.	236
Glyphosate- and Glufosinate-Resistant Corn Weed Management Systems.	242
DuPont Isoxadifen Product Blends.	252
Impact Sequential Programs in Corn.	259
Ignite-Based Programs in Liberty Link Corn.	265
Cadet and Permit Tank-Mixtures in Corn.	270
Parallel and Parallel Plus in Glyphosate-Resistant Corn.	276
Effect of Permit and Yukon with Glyphosate in Glyphosate-Resistant Corn.	287
Status Tank-Mixtures with Glyphosate in Glyphosate-Resistant Corn.	294

Soybean, Tilled Weed Control Studies

Prefix Evaluation in Soybean.	300
Weed Management for Conventional Soybean in Reduced-Till.	305
Preemergence Herbicides in Soybean - BASF / Valent.	315
Preemergence Residual Herbicides in Reduced-Till Soybean - DuPont.	317
PRE/POST Programs in Glyphosate-Resistant Soybean.	322
V-10206 plus Valor in Soybean.	332
V-10206 plus Valor XLT in Soybean.	340
Early POST Applications of V-10206 in Soybean.	347
Postemergence Weed Management Strategies in Roundup Ready Soybean.	355
Cadet Tank-Mixtures with Glyphosate in Soybean.	359
Cooperative POST Soybean Glyphosate Tank-Mix - Site 1.	363
Cooperative POST Soybean Glyphosate Tank-Mix - Site 2.	378
Cooperative POST Soybean Glyphosate Tank-Mix - Site 3.	393
Ignite-Based Weed Management in Reduced-Till Liberty Link Soybean - 1.	397
Ignite-Based Weed Management in Reduced-Till Liberty Link Soybean - 2.	403
Liberty Link and Roundup Ready Soybean Yield Comparison.	409

Corn Fungicide Studies

Headline Adjuvant Evaluation in Corn.	411
Stratego Demonstration in Corn.	413
General Foliar Fungicide Evaluation in Corn.	415
Headline Corn Application Timing.	417
Stratego Corn Application Timing.	420
BAS556 and Headline in Corn.	423

Miscellaneous, including Alfalfa, Pasture, and Wheat

Invinsa Application Timing in Corn.	426
Evaluation of the Insecticide Endigo in Soybean.	430
Roundup Ready Alfalfa Evaluation.	432
Alfalfa Weed Control.	434
Aminopyralid for Pasture Weed Control.	437
Orion Herbicide Evaluation in Winter Wheat.	441
General Foliar Fungicide Evaluation in Wheat.	444
Fusarium Head Blight - Uniform Fungicide Trials on Wheat.	448
Aphid Management with Seed and Foliar Insecticide Treatments - Syngenta - 1.	451
Aphid Management with Seed and Foliar Insecticide Treatments - Syngenta - 2.	454

Fall Applied Herbicides

General Evaluation of Fall Herbicides Prior to Corn.	457
General Evaluation of Fall Herbicides Prior to Soybean.	467
Evaluation of the Herbicide ET in Fall Burndown.	478

Glyphosate-Resistant Marestalk or Waterhemp Control

Fall Herbicide Applications for Glyphosate-Resistant Marestalk Management in Soybean. . .	481
Glyphosate-Resistant Marestalk Burndown with RageD-Tech and Authority First.	495
Burndown Programs with Gramoxone Inteon for Glyphosate-Resistant Marestalk.	498
Cooperative POST Soybean Glyphosate Tank-Mix - Site 4 - Glyphosate-Resistant Waterhemp.	516
Glyphosate-Resistant Waterhemp Control with Ignite Tank-Mixtures.	519
